

# CROSSDEM 2019 PROGRAMME

		DAY ONE			DAY TWO
08:45 - 09:00	Arrive				Arrive
		<b>Session 1 (Chair: Phil Riris)</b>			<b>Session 3 (Chair: Fabio Silva)</b>
09:10 - 09:30	Welcome		Paper 9	Wirtz et al: Boom and bust cycles in Neolithic Europe: climate sensitivity or social dynamics?	
09:30 - 09:50	Paper 1	Palmisano: Long-Term Regional Demographic Trends in Prehistoric Italy: A Spatial Approach	Paper 10	Pedersen & Riede: On the threshold of collapse – demographic viability and the pioneer colonisation of southern Scandinavia	
09:50 - 10:10	Paper 2	Brown: Farmers, Foragers and Friction: assessing regional population growth trajectories in New Zealand	Paper 11	McLaughlin et al: Human population dynamics at the Atlantic façade of Iberia during the Late Glacial and Early Holocene: empirical grounds and methodological strategies	
10:10 - 10:30	Paper 3	Roscoe et al. Population Distribution and the Development of Political Centralization in Ancient Coastal Peru	Paper 12	Loog et al: Estimating past mobility using sparse data: application to human genetic variation	
10:30 - 10:50	Paper 4	Tallavaara & Kirkeng Jørgensen: What are we measuring with growth-rate estimates extracted from archaeological population proxies?	Paper 13	Cassidy & Bradley: Scaffolding Irish Demography with ancient genomes	
10:50 - 11:10	Discussion				Discussion
11:10 - 11:40	Coffee Break				Coffee Break
11:40 - 12:40	Keynote	Andreas Maier: Core issues of prehistoric demography in light of estimates for the Upper Palaeolithic in Europe	Keynote	Nicole Creanza: Empirical and theoretical explorations of human cultural change	
12:40 - 14:00	Lunch				Lunch
		<b>Session 2 (Chair: Andrew Bevan)</b>			<b>Session 4 (Chair: Jennifer French)</b>
14:00 - 14:20	Paper 5	De Groot: Population growth and material culture patterning in the Neolithic eastern Mediterranean	Paper 14	Zimmerman & Schmidt: System changes and demographic cycles in European Prehistory	
14:20 - 14:40	Paper 6	Archer: Environmental carrying capacity, demography and the Late Pleistocene expression of backed artefact making traditions in Africa	Paper 15	Benton: Size Matters: A large-scale review of hominin demographic proxies	
14:40 - 15:00	Paper 7	Schauer: Demography and the distribution of axes in the British Neolithic	Paper 16	Davis et al: Demographic change in the British Lower Palaeolithic	
15:00 - 15:20	Paper 8	Bloxam: The Beaker transition in Britain: an integrated view of the funerary evidence	Paper 17	Lundström & Riede: A spatially explicit model of Final Palaeolithic population densities for southern Scandinavia – initial results	
15:20 - 15:40	Discussion				Discussion
15:40 - 16:15	Coffee Break				Coffee Break
16:15 - 17:15	Keynote	Rebecca Sear: “Nothing in evolution makes sense except in the light of demography”, or how interdisciplinary perspectives are necessary for understanding our species	Keynote	Stephan Shennan: Changing the Face of the Mediterranean: land cover and population since the advent of farming	
17:15 - 18:00	Keynote Discussant	Andrew Chamberlain	Keynote Discussant	Nicki Whitehouse	
18:00	Drinks reception & dinner				End
